

Waste Management EOI Assessment				
Item	Description	HPS	Score	Remarks
Consultant's Profile	The Consultant shows the relevant works that they have been conducting in this field of work. This should demonstrate a professional consultancy with expertise in all areas of solid waste management. It is expected that the consultancy has the capability to conduct feasibility, concepts and engineering design. There should be evidence of having completed all before.	20		
Consultant's Capacity to undertake the works specified in the Draft TOR	This should show that the consultancy is supported by multitude of resources that will ensure that the stated project is within their grasp and that they have the financial and competence to complete all aspects of the works within the draft TOR	10		
Availability to undertake the works specified in the Draft TOR	The consultant should demonstrate that they have the space in their current works programme to be able to complete this works.	5		
Estimated duration to complete outputs specified in the Draft TOR	The consultant should provide a breakdown of the expected duration for the project to be completed. This should show that there has been some analysis completed on the TOR.	5		
Feedback on the Technical Content of the Draft TOR	The consultant should identify and failings or concerns with the works associated with the draft TOR or the concepts contained within it. These should show that the consultancy has reviewed the documentation and has a good understanding of the requirements contained within the TOR.	10		
		<b>50</b>	<b>0</b>	
Consultants will be scored out of 50. The scoring will be considered in a comparable nature where respondents are placed in a ranked order on how they fulfilled each scoring item. Points will then be allocated based on the ranking and quality of the submission against each item. The total score will then be used to select the consultants for the progression on to the RFP stage of the tender process.				

**N.B. Consultants refers to Consulting firms, a Joint Venture or Association of Consulting firms.**
