

Invitation to Tender

A. O. Shirley Recreation Ground Track Installation Support

Road Town, Tortola, BVI

ITT Number: RDA/ITT/2026/004/NCB

Background:

The track at the A.O. Shirley Recreation Ground sustained significant damage during Hurricanes Irma and Maria in 2017 and was subsequently resurfaced in 2019 as part of the Territory's recovery efforts to restore the facility for athletic training, competitions, and community use. Since then, the track has been subjected to extensive and continuous use by athletes, sports clubs, schools, and the wider community. Over time, normal wear and tear, together with prolonged exposure to weather conditions, has led to the deterioration of sections of the track surface, creating potential safety concerns for users and affecting the quality of training and athletic performance. Consequently, resurfacing works are now required to restore the track to an acceptable standard, maintain its World Athletics Class 2 certification, enhance user safety, and ensure the continued operation of the facility as a vital recreational and sporting venue. This project therefore aims to resurface the track, extend its service life, and preserve the functionality and value of the facility for the community.

The RDA now invites tenders from eligible and qualified Tenderers for the A. O. Shirley Recreation Ground Track Installation Support at the A. O. Shirley Recreation Ground, Road Town, Tortola BVI.

The Procurement method will be conducted through the National Competitive Bidding (NCB) process.

The full tender package including the detailed scope of works and other supporting documents may be requested from the RDA at procurement@bvirecovery.vg.

For further information, clarifications or if you experience any technical difficulties to download the tender package, please send an e-mail to the RDA Procurement Team at: procurement@bvirecovery.vg
